# ORSI ACADEMY

# ROBOT-ASSISTED PANCREATICODUODENECTOMY

## Advanced course

KU LEUVEN

UNIVERSITEIT GENT

# Robot-assisted Pancreaticoduodenectomy Course

1-day course | 4 seats per session

## Who is this course for?

This course is aimed for surgeons who already have a foundation in robotic surgery and want to master the robotic approach to pancreaticoduodenectomy, with a particular focus on the reconstruction phase.

## What will I learn?

You will learn the robotic technique for pancreaticoduodenectomy, with a special focus on the reconstruction phase. The course covers the robotic set-up, a step-by-step approach to resection, and a structured overview of the anastomosis technique.

## Who will I learn from?

**Dr. Mathieu D'Hondt**
AZ Groeninge Hospital
Kortrijk, BE

## Pre-course requirements

- The trainee is a general surgeon.
- The trainee has access to a da Vinci robotic system at their home hospital.
- Participants must have performed a minimum of 25 robotic procedures.

## Certificates & credits

- Certificate of attendance by Orsi Academy
- Possibility to apply for CME credits

## Accredited by

Royal College of Surgeons of England

aaalac INTERNATIONAL

NASCE

## Timeline

- **Application** for the course
- **Approval** for the course
- **Payment** of the course fee
- **Registration** confirmed
- **Contact** Hospitality Officer for logistics
- **Welcome at Orsi** for a 1-day robotic training
- **Evaluation form** to fill in
- **Certificate** of attendance

## DAY 1

**08:20**   **Arrival at Orsi Academy**

**08:30**   **Theoretical session: Robotic assisted pancreaticoduodenectomy**
- Why robotic assisted?
- Patient selection
- OR set-up and necessary instruments and accessories
- Port placement and docking
- Resection phase: video session

**10:00**   **Coffee break**

**10:15**   **Theoretical session: Reconstruction techniques**
- Pancreaticojejunostomy
- Hepaticojejunostomy
- Gastrojejonostomy

**12:00**   **Lunch at the Orsi restaurant**

**12:45**   **Hands-on training on biolife tissue model**
- Focus on reconstruction
- Pancreaticojejunostomy (multiple attempts)
- Hepaticojejunostomy (multiple attempts)

**16:45**   **Discussion and wrap-up of the course**

**17:00**   **End of the course**
